## KDES FASHION SHOW

KDES students are getting a head start on celebrating the "International Year of the Child" with a fashion show for charity June 26. The show will be held at the MSSD auditorium from 1:30 to 3:00 p.m. The students will be modeling sports outfits from Woodward & Lothrop Department Stores. The 16 youngsters from the Elementary Department are trying to raise money for the D.C. Children's Hospital. The theme of the show, as adopted by KDES children, is "children helping children." Admission for students is 25¢ and for adults 50¢.

The United Nations has designated 1979 as the International Year of the Child.

The fashion show is under the direction of Leslie Lewis, Margaret Simpson and Phil Mackall, KDES Elementary teachers.

#### ENERGY TIPS FROM JIM HULL

"Now that the days are longer you need  
less artificial light, did you know that  
in just five hours, two 100 watt bulbs  
use 11,600 British Thermal units of  
energy, or the equivalent of one pound  
of coal or 1/2 pint of oil? Turn lights  
on only when you really need them."

outside IBM, which brought together its  
speech-processing experts from several  
countries, including the United States.

While in Paris, Orin Cornett met with  
parents and teachers who are using or  
planning to use Cued Speech, teaching Cued  
Speech in French to approximately 250  
persons at the Institute des Jeunes Sourdes.
